URGENT – PRODUCT RECALL

JAMP-ASA 81 mg EC – Notice of type III recall

JAMP Pharma Corporation is voluntarily initiating a recall at the retail and wholesale levels for the two lots of **JAMP-ASA 81 mg EC** due to confirmed customer complaints.

The two lots are being recalled due to a confirmed high out of specification result (3.4%) for free salicylic acid (specification NMT 3.0%).

Health Canada has been notified of this recall. The risk associated with these lots is classified as type III and is defined as "a situation in which the use of, or exposure to, should not have undesirable consequences for health".

PLEASE STOP IMMEDIATELY THE SALE AND / OR DISTRIBUTION OF THESE LOT NUMBERS:

PRODUCTS	DIN	UPC CODE	LOT #	EXPIRATION
JAMP-ASA 81 mg EC – 300 tablets	02427206	622082 28264 0	7G008491R	31/05/2020
JAMP-ASA 81 mg EC – 1000 tablets	02427206	622082 28265 7	7G008491S	31/05/2020

PHARMACIES: Please consult the following website to complete the online form by September 28th, 2018. Make sure to follow the correct procedure according to your point of purchase, either directly through JAMP Pharma or via the wholesaler.

WHOLESALERS: Please conduct an inventory count of the above-mentioned lots. You also need to provide quantity sold to your customers by completing the online form by October 12th, 2018.
